

# CURTIN UNIVERSITY

## NOTE:

- You can't repeat course codes within your six preferences.
- Curtin has listed Indicative ATARs/Selection Ranks for each of its courses, to give you an indication of the ATAR/Selection Rank normally required to enter each particular course. The Indicative ATARs/Selection Ranks are a **guide** only to the eventual ATAR/Selection Rank required for each Curtin course in 2017, which will only be known after all offers have been made. If you're eligible for Curtin's StepUp program, your ATAR will be boosted and you will have a Selection Rank which is higher than your ATAR. See [www.tisc.edu.au](http://www.tisc.edu.au) for information on Selection Ranks.
- Where external study is indicated, the course may be available in full or in part for study by correspondence or online (marked with <sup>7</sup> or <sup>8</sup>).
- Also read the Curtin course information via Course Search, as not all details are recorded here.
- Check codes carefully as some courses are offered at more than one campus.
- High performing students may be considered for courses without meeting all prerequisite requirements.
