Guideline to Universities Admission Advice

Advice of your achievement of the Western Australian Certificate of Education (WACE).

Advice of your achievement of the university’s Competence in English requirement.

Eligibility for University Courses
Each university has a message indicating your eligibility to be considered for its courses.

Note: Satisfying admission requirements is not an indication that you will receive an offer to any particular course. Selection for particular courses is subject to course prerequisites, having a competitive ATAR or Selection Rank for that course and any other course-specific criteria.

Universities Admission Advice Letter
Available only to current students with scaled score in at least one Year 12 course. You can download your results and ATAR information from TISC’s website, for free, until 1 March in the following year.

To purchase a hard copy on official TISC stationery, log in to TISC’s website. After 1 March, purchase using the Application for Record of Results in the Downloads and Forms area on TISC’s website.

Your TISC Number (User ID)
Use this when contacting TISC, or accessing TISC’s website.

QR code and document Serial Number to verify results via TISC’s website.

Your Australian Tertiary Admission Rank (ATAR), is a number which reports your position relative to other students. For example, an ATAR of 70.00 indicates that you have performed better than 70% of the WA Year 12 school leaver age population.

ATARs below 30 are not reported.

The ATAR is calculated in two steps.
First, TISC calculates your Tertiary Entrance Aggregate (TEA) by adding your best 4 scaled scores* plus 10% of your best scaled score in one LOTE (Language Other Than English) course from 2014 or later, if any, plus 10% of your scaled score(s) in Mathematics Methods and Mathematics Specialist from 2017 onwards.

*Subject to accumulation and unacceptable combination rules.

Second, each TEA is then converted to an ATAR using a method which includes consideration of the number of students with a TEA and the total WA population of Year 12 school leaver age. This preserves your rank position as measured by your TEA. A summary of the current TEA to ATAR conversion is on TISC’s website www.tisc.edu.au.

Your Australian Tertiary Admission Rank (ATAR), is a number which reports your position relative to other students. For example, an ATAR of 70.00 indicates that you have performed better than 70% of the WA Year 12 school leaver age population.

Course Data lists the scaled score you achieved in WACE courses.

Note: Scaled scores for courses are not the same as the course scores issued by the SCSA. Only scaled scores can be used to calculate the ATAR.

Past years courses are listed only if used in the ATAR calculation.

Queries?
For further information about admission requirements check TISC’s website www.tisc.edu.au. Additional advice is available from TISC or the Admissions Centres of the universities.
