

CIRCULAR 5 OF 2020 (14 May 2020)

Information for current Year 12 applicants: early opening

Usually, TISC distributes personalised letters to current Year 12 students before applications open, to help them complete their initial login to the TISC system. With applications opening on Monday 18 May this year, physical distribution has not been possible.

We have prepared an information sheet for Year 12 students, attached to this circular, which we hope will help them if they wish to submit an application now. Feel free to distribute the information sheet to students as required. The information will also be available on the TISC website (www.tisc.edu.au).

Students are welcome to submit their TISC application from Monday 18 May if they want to, particularly if they wish to be considered for an early offer from Curtin University.

However, there is no rush and they can wait until the beginning of Term 3 to begin the TISC application process without any disadvantage. The TISC Guide will be made available at the usual time to assist students navigate the application and offer process.

The early bird closing date for applications is 30 September 2020, as usual.

TISC will publish further information for students on questions they may have about the various university early offer schemes this year. This should be live on Monday 18 May also.

ECU direct entry application portal: Auditions and Experience Based Entry

Edith Cowan University advises that their direct application portal for courses that require an audition or for Experience Based Entry Scheme applications will open a little later in the year.

Audition courses generally open 1 July for applicants to submit a direct application and it is expected that the portal to facilitate other direct applications to ECU will open in early August.
